Bibliography of PhD Dissertations on Nepal's School Education

This bibliography includes doctoral dissertations written on various aspects of Nepal's school education. While some of the titles of the entries included in this bibliography do not indicate that they are about school education, their abstracts/contents do discuss school education. Hence, their inclusion in this bibliography can be justified.

The first version of this bibliography was prepared in July 2016. It has been updated between April and June 2023. Like all bibliographies, this is an evolving list which will be updated periodically. If you come across any relevant items that are not yet included here, please notify us through an e-mail to upretydevendra@gmail.com.
