

## **Bibliography of Writings related to the National Development Service (NDS)**

**BY Ramita Maharjan and Pratyoush Onta**

National Development Service (NDS) was a program included in the New Education System Plan (NESP) announced by the Panchayat State in 1971. Under NDS, all MA level students at Tribhuvan University were required to do nearly a year-long service in some rural location of Nepal. This program lasted between 1974 and 1980 and is considered to be one of the most successful programs executed under the Panchayat System (1960-1990).

We have compiled a bibliography of writings related to NDS by searching through various sources. This bibliography is obviously incomplete. All efforts have been made to ensure the accuracy of the entries given in it. However there might still be inadvertent errors in them. We would appreciate suggestions regarding any corrections that need to be made in the entries given here and additions of relevant items missing in this edition of the bibliography. Such suggestions should be sent to us at [library2@martinchautari.org.np](mailto:library2@martinchautari.org.np) and they will be incorporated in future revised online editions of this bibliography.
