

Also, the following two chapters of this book were originally published by Martin Chautari:

- The Debilitating Dynamics of Nepal's Constituent Assembly (2008–2012), originally published in March 2013 as Briefing Paper No. 8.
- Attendance and Process in Constituent Assembly II, originally published in September 2014 as Briefing Paper No. 11.

A slightly different version of Chapter 7 was earlier published under a different title in a book published by the then Central Department of Sociology and Anthropology of Tribhuvan University. This department no longer exists:

- Federalization and Dalits: Aspirations and Suspicions, by Yam B. Kisan, originally published in 2012 in *Ethnicity and Federalization in Nepal*, edited by Chaitanya Mishra and Om Gurung, pp. 276–299.
